## CLASS DESCRIPTIONS (not all classes are listed on the schedule at this time)

^ INDICATES FEE BASED CLASSES

\*\*PLEASE BRING OWN MATS TO CLASSES. WE DO NOT SUPPLY

**CORE & MORE:** Come see what you are made of! This class features full body strengthening using a variety of equipment and moves to keep you guessing the entire workout. You will focus on developing core strength and engaging muscles you didn't know you had!

**DANCE FITNESS:** In this class you will be instructed by easy-to-use moves combining fast and slow rhythms to sculpt your body while burning fat! You will have so much fun, you won't even realize you are exercising!

**FUNCTIONAL FITNESS:** strength training and muscle memory building workout that will translate into everyday life. The class will use body weight exercises along with equipment such weights, bosu balls, foam rollers, bands, and fitness balls

**GENTLE YOGA:** A relaxing full body stretching class that is gentle on the body. Relax/rejuvenate mind, body, and soul.

**GERI-FIT:** Geri-Fit increases muscular strength, boosts motor skills and reaction times, enhances flexibility, manages chronic diseases, and more. This is a 45-minute evidence-based class and participants will use light weights in a progressive setting. (pre-registration required)

**GROUP CYCLE:** Spinning is one of the best cardio, leg, and abdominal exercises a person can do, while being easy on the knees. We show you how to properly set up your bike to ensure the safest and most comfortable ride. While most classes are great for all abilities, this class is for the hard-core biking enthusiast.

**HYDRO-X: TAKE YOUR WORKOUT TO THE WATER.** This class is to be enjoyed in water, while incorporating resistance moves and aerobic conditioning. This low impact, high intensity workout, is easy on your joints and perfect for any fitness ability. Don't be fooled; you will work up a sweat during this heart pumping workout!

**INTRODUCTION TO WEIGHT LIFTING:** Learn how to utilize proper form and technique to strength train specific muscles or groups of muscles. This beginner class is for everyone!

**KICKBOXING FOR ALL:** Kickboxing is a total body cardio and strength workout; is a great way to relieve stress and build confidence; increases balance, coordination, reactivity, agility and flexibility; and is a fun class for all skill levels.

**POWER HOUR:** A 60-minute workout that incorporates functional strength training with barbell and dumbbells featuring safe and motivating exercises; and great music for a toning and strengthening workout.

**SILVER SNEAKERS CLASSIC:** Have fun and move to the music through a series of exercises designed to increase strength and activity level for daily living. Hand-held weights, elastic tubing, and a Silver Sneakers ball are used for resistance. A chair may be used for seated and/or standing support.

**STEP UP:** This class works all major muscle groups in a low impact but high intensity workout that will build muscle strength and endurance. Step Up uses a step along with weight which is great for all fitness levels and abilities.

**TOTAL BODY CIRCUIT:** This class engages all muscles groups in a variety of ways. You will use TRX straps, perform body weight exercises, and utilize our Kinesis line of machines. This class is perfect for all fitness levels.

**^TOTAL PARKINSON'S:** Optimize physical function and help delay the progression of symptoms associated w/ Parkinson's.

**^TOTAL PARKINSON'S BOOT CAMP:** A rigorous class designed to target symptoms specific to Parkinson's with a focus on mobility, balance, strength, memory and cognition. This class will incorporate floor work to strengthen and condition as well as basic equipment such as dumbbells, medicine balls and kettlebells. Expect to be challenged!

**WATER AEROBICS:** Activate your aqua urge for variety! This class offers lots of fun with shallow water moves to improve agility, flexibility, and cardiovascular endurance. No swimming skills are required. Develop strength, balance, and coordination in the water. Two levels are available—one with weight and one without.

**WELLNESS CENTER MACHINE ORIENTATION:** This orientation will ensure that you are using the machines safely and effectively.

**YOGA:** End Your Day the Right Way. This class helps you unwind from your hectic day by focusing on postural balance, breathing techniques, body awareness, and core strength. Come give your mind and body the rest it deserves.
